

WIA Metalektro insurances by Centraal Beheer

Selection form

As a courtesy we provide you with an English translation of our selection form. You can and may not derive any rights, entitlements or obligations from this English translation. Our disability insurance policies are regulated by Dutch law and as such, our Dutch conditions and entitlements documents are the only legal documents from which you can derive your rights, entitlements and obligations.

Your employer has insured you against loss of income due to disability for work with Centraal Beheer's WIA Metalektro insurances. It is up to you which insurances you participate in. Your employer should register you for your selected insurance(s) within 90 days after you enter employment. So be sure to let your employer know your choice in time. You will then be insured from your employment date.

Do you choose later, when you have been employed for 90 days or more? And does your employer register you after the 90 day period? We will ask you to fill out a medical assessment. In some cases, we will also request extra medical research. You will only be insured from the moment we accept you. However, we may also reject your application.
